

ReadyNow

Make Immediate Medical License Verification A Reality

**No onboarding, deployment, or support fees.
No burden to your staff.
Go live within days.**

Our goal is to keep the time required from your team to under two hours, spread across the entire implementation window. Providing the option for digital licenses will reduce the administrative labor for your staff and allow medical professionals to get to work immediately. With Merit's team on-hand, getting started is done in four quick steps, and at no cost to you.

Four Easy Steps to Help Medical Professionals Get to Work Faster:

1. Let us know you're interested.

Complete the form at merits.com/readynow and a dedicated Account Manager will reach out immediately to get you set up and ready to send digital licenses.

2. Send us your data.

We'll upload your data and confirm with you that licenses are ready to be sent. We support all standard formats and have pre-built integrations with leading database providers.

3. Inform Your Constituents.

We have pre-built, customizable email templates and materials ready to go – and we can even do the sending on your behalf.

4. Leverage Our Support Team.

Once individuals have their digital licenses, we know there will be questions. Our Customer Success team is ready to address any questions and concerns.

Get started today at merits.com/readynow.
