KEY INGREDIENTS

PURIFIED LACTIC ACID:

One of the most hydrating Alpha Hydroxy Acids (AHAs), Lactic Acid exfoliates the surface layers of the skin, revealing a more clarified, fresher, smoother, younger-looking complexion. Helps fight a build-up of dead skin cells and excess sebum, which can lead to skin bumps, dullness, skin congestion, blackheads, and eventually, acne. Helps diminish the look of discolorations and dark spots.

VITAMIN C:

(THD Ascorbate/Tetrahexyldecyl Ascorbate) Extremely stable, oil soluble form of Vitamin C. Helps fight the signs of aging caused by time, stress, lifestyle, and pollution, including dullness, visible loss of firmness, the signs of lines and wrinkles, and the appearance of dark spots and uneven redness.

TRANS-RETINOL:

Belongs to a class of chemical compounds termed retinoids, it's the potent ester of all-trans retinoic acid. Helps fight the appearance of wrinkles and fine lines, promote skin elasticity, and stimulate exfoliation for clearer, smoother skin. Not appropriate for use during pregnancy.
