INTRODUCING THE MOST TIME SAVING AND ACCURATE COST REPORTING PROGRAM IN THE INDUSTRY

ABSOLUTE
The Complete Cost Reporting System

What is Absolute?

Toyon's Absolute CMS Form 2552-10 Medicare Cost Report Workpaper Software is a web based program designed to assist in the automation, storage, standardization, and accuracy of the entire cost report preparation process.

✓ Designed from the ground up by people who prepare more than 100 cost reports annually

✓ Replaces outdated, error prone methods including manual spreadsheets and data entry

✓ Standardizes import of GLs, R&U and payroll databases

✓ Allows definition of key data elements – accounting structure, job categories, earn codes, insurance plan codes, patient admit types, financial classification, etc.

✓ Creates links between detailed financial data to the 96 worksheets contained within the 2552-10 forms

✓ Provides complete audit trail housed within the system using uploaded pdf, xlsx or csv file types for supporting documentation
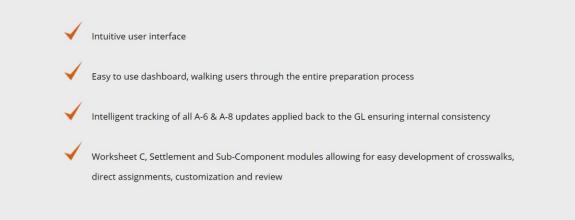

✓ Exports clean workpapers in xlsx or pdf format

✓ Offers integrated review checklist creating accountability and ensuring quality of completed reports

A Powerful Feature Set

Absolute creates a consistent standardized preparation process. All definitions, filters and structure from prior years can be carried over to future reporting periods saving 40 to 60 hours per cost report in manual data entry.
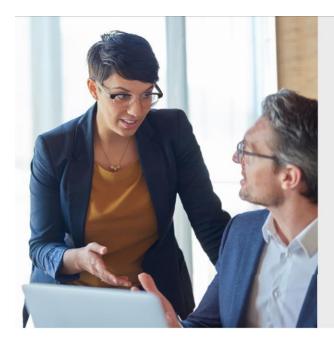

✓ Intuitive user interface

✓ Easy to use dashboard, walking users through the entire preparation process

✓ Intelligent tracking of all A-6 & A-8 updates applied back to the GL ensuring internal consistency

✓ Worksheet C, Settlement and Sub-Component modules allowing for easy development of crosswalks, direct assignments, customization and review

ABSOLUTE IS THE REVOLUTIONARY ONLINE WEB BASED PROGRAM THAT SAVES 40 TO 60 HOURS PER COST REPORT IN MANUAL DATA ENTRY
