## OUR COMMITMENT

DOC Disinfectant™ is committed to being "Your Partner in the New Clean™." Our goal is to aid businesses and facilities in safely reopening and remaining open while giving employees and customers peace-of-mind to "Enter with Confidence™." The DOC Disinfectant Sanitizing Service™ helps each partner create and maintain the cleanest, safest and healthiest environment for their employees and customers.

"We're committed to helping businesses and restaurants across America reopen with confidence after this pandemic," said Kenneth Harris, Founder and CEO. "The newest disinfecting technologies are based on the latest evidence-based methods - we have procured a product, and perfected the process - and they are truly amazing. You can confidently assure your customers and workers that your workplace is free from pathogens after using our electrostatic and nano-based sanitizing service."
