

The Pinnacle Learning Journey

Customized to your unique needs, our flexible Learning Journey blends on-site workshops, video learning modules, live and recorded webinars, and our proprietary Virtual Coach for a crafted learning environment. Participants can learn our award-winning curriculum from anywhere and at their own pace as they build dynamic, transformative, communication skills.

Journey Elements

 <p>On-site Workshops instill the tools and techniques needed to become a more influential communicator in an interactive, supportive, and hands-on environment.</p>	 <p>Diagnostic and Development Plans hone in on unique needs and boost learning acceleration through individualized action plans.</p>	 <p>Live Virtual Coaching complements your in-person education with convenient, private, on-line coaching—anytime, anywhere.</p>
 <p>Remote Video Assessment preps learners for their next crucial presentation or meeting, while also providing feedback on the skills learned in workshops.</p>	 <p>Video Learning Modules enhance each customized workshop with easy-to-digest 10-15 minute modules, ideal for before or after a training session.</p>	 <p>Webinars (live or recorded) begin the Pinnacle Learning Journey or supplement training and improve retention for a remote workforce.</p>
 <p>Micro-Learning Modules are compact learning exercises that can be mastered in 10-20 minutes—perfect for a layover or the commute home from work.</p>	 <p>Custom Learning Modules are crafted to unique business objectives, and can include video work, written work, or live work with an instructor.</p>	 <p>Communication & Presence Assessments provide detailed reports analyzing and comparing message deliveries, predictors of leadership and overall communication success.</p>
