### Features

This cost-effective and purpose-built disinfecting sprayer system consists of a small electric chemical pump, 50 ft. hose, nozzle, and wand. The durable, hard shell case is water-resistant and keeps the pump, battery\*\*, and charger/maintainer safe from UV rays and chemicals.

Akron FS100™ Portable Sprayer System carries a one (1) year warranty on parts only. Standard Akron warranty does NOT apply.

### Easy Application:
