“Inspired by the power of the written word and how compelling and meaningful **the right book** can be, I’ve made it a mission to search for business books that not only impart wisdom and sage advice for business and leadership success, but that also have an integral component of inspiration. MVP Book Club selections do exactly that.

They are strong, impactful business books with inspirational, uplifting messages.”

– Mary Olson-Menzel

The MVP Executive Search & Development team’s recommended book for this quarter is “Return on Courage: A Business Playbook for Courageous Change” by Ryan Berman. <https://www.returnoncourage.com/>
