★★★★☆ No mounting hardware/manufacturer doesn't respond to questions

Reviewed in the United States on June 5, 2020

This vent looks great but it doesn't come with a flange to mount it properly. None of my local hardware stores sell 6" mounting flanges so I've ordered several online but none of them will fit over this pipe so you can mount it. I sent an email to the manufacturer asking for mounting advice with no response.

★★★★★ Everything is good

Very elegant looking if compare with homedepot and other shop products. However, the most amazing part is its excellent part from projected exterior wall, it let the exhaust smoke comes out more smoothly than others.
