

INSTANT GRATIFICATION

LIFT / SCULPT / AWAKEN

This unique treatment uses deep waveforms that penetrate to the facial muscles to give you an immediate lift and glow. This is an intense treatment designed to quickly enhance and define your bone structure.

4-Minute Treatment

PIGMENT

TREAT + PREVENT / MELASMA / SUN SPOTS

This treatment works to suppress overactive melanin production and keep your skin tone consistent. For best results, use this treatment every other day. When pigment improves, use once weekly for 1-2 minutes. Can be used as a spot treatment or on the entire face.
