## The BIG Picture

Welcome to **The BIG Picture: Our Study, Vision & Plan for the City of Huntsville!**

The City of Huntsville is developing a new comprehensive master plan — The BIG Picture — to help direct the future of economic growth, neighborhood redevelopment, parks and greenways, transportation, and quality of life for all of our citizens.

The BIG Picture, to be unveiled in fall 2016, developed in three phases:

- Our Study - Providing research, demographics and economic data to determine who we are and how we compare with other cities across the nation.
- Our Vision - Engaging citizens in a variety of workshops, lectures and online forums about their ideas, dreams and desires for a better and sustainable Huntsville.
- Our Plan - Formulating a transparent, breathable plan with the ability to guide funding and policy decisions. This plan will be continuously updated each year to best reflect changing conditions.

STORY

The City of Innovation  
Huntsville is known as the 'Rocket City' for its role developing the propulsion systems that sent humankind to the moon in the mid 20th century. Today, Huntsville is a thriving city situated in the Tennessee Valley. The City's entrepreneurial spirit and hunger to achieve big, often unexpected, other worthy things, sets a distinct path for the South...
