Product Overview

This product is a quick and economical solution to provide some additional privacy to your outdoor space or used for bordering your yard or vegetable garden. The 4 ft. x 8 ft. natural reed fence is made for patio shading, concealing unsightly objects, soundproofing, duck blinds and other outdoor uses as well. The reeds are woven together with vinyl-coated, rust-resistant wire every 4 in. to help provide some privacy and protection from the wind. Natural reed fences are perfect for covering chain-link fences and can create a tropical feel to your backyard or garden. Light filters through 1 layer of this fence. Repeat 2 or more fence layers for more privacy.
