## DESCRIPTION

These handy seat organizers are a great way to eliminate students travelling around the classroom and the sharing of commonly touched supplies! Make one set of supplies for each student and the NeatSeat will keep everything they need close at-hand!

The NeatSeat® is the ideal storage solution for the classroom. It holds a multitude of books and supplies, and attaches to open-back chairs, s neatly out of the way. Easy to use, and durable, simply spot clean w/ necessary. The assorted set of NeatSeats® come in 4 fun, vibrant colors:

"I am very excited to receive these items and I must say this is the best educational product company I've ever had the pleasure of doing business with. Thank you

purple, lime green, orange, and blue. Each NeatSeat® measures 16"H x 12"W with a 1 1/2" gusset.

#### Features:

- Dual-inner pockets store books, SmartPALs® and larger items
- Velcro flap closure keeps the NeatSeat's® profile slim and secure
- Two front mesh pockets keep items stowed, but still easy-to-see
- Straps easily adjust to fit any size chair, and attach to chair backs with easy-snap clips

**Please Note:** NeatSeat organizers are designed to be used on classroom chairs, and not as backpacks or carrying cases. EAI Education recommends a maximum weight capacity of 15lbs. Overloading with heavy or over-sized materials may shorten the life of your NeatSeat.

I love this product. I think it is far superior to the chair pockets that are commonly sold elsewhere and it amazingly costs less! The NeatSeat has so many great features. There are two small net pockets on the front--an easy to see and store place for small, frequently used items like a dryerase marker and bag of counters. Then there are two large interior pockets. My class easily stored a folder, a Smartpal sleeve, a personal whiteboard, a cookie sheet, and several bags of cards. The interior pockets are covered by a flap, which keeps things cleaner and holds them in. The organizer has straps on the back with connectors that are similar to a backpack. You will need open backchairs or chairs with a handle opening if you want to attach them to the chairs. I actually attached them to the sides of my desks because mine have a side bar that allowed me to do that. I found this arrangement idea since the kids didn't have to lift these when putting their chairs up and down. After a year of use I am so pleased with this purchase.

I love mine and use them every day. They work great to help organize my math manipulatives for my kindergarten students. Great product! - Pat M.

My daughter is 3 now, and when her baby sister is napping, we get out the "big girl" toys from her Neat Seat, like the crayons or stickers or play-dough. It's just the right size to strap to her little chair, and holds several ziplocked play packs and coloring books so that she can learn about ownership and responsibility of her toys. This organizer is so durable--holding up great against an excited toddler's less careful handling. From the pack of 4 we kept 2 for our kids and gave the others to friends who saw it and thought it was brilliant!
