

(add)ventures

Our business (add)ventures began in Boston, MA, over 30 years ago. Our exciting growth journey continues across the globe from our EPIC HQ in New England via satellite offices in Miami, NYC, Chicago, Houston, LA and Latin America. Thanks to our proprietary (add)ventures LIVE Galaxie remote collaboration and production streaming platforms, we can work together virtually and seamlessly, i.e., wherever you and your teams need to be.
