Damian & Jamie Johnson are the founders of

Marriage is Real, an organization

devoted to helping other couples build

lasting, harmonious relationships!

Damian embarked on his journey of providing

marriage insight several years ago, when he

created a blog entitled "Marriage is Real". Since

then, he and his wife Jamie, provide relationship

coaching as well as daily inspiration utilizing

social media platforms. They were recently

featured in a publication *Our Weddings*

magazine, addressing common questions that arise

after the "I do's".

When he first laid eyes on his wife of 19 years, he

knew that she was the "one" he would marry and

spend the rest of his life with! They have 2

amazing children, 16-year-old son, Jordan and 12-

year-old daughter, Micah.

They are actively doing their part to aid in the

institution of marriage receiving a makeover - to

be presented in a new light to the millennials,

generation x, and the baby boomers alike! They

are very passionate about all things marriage!

Please feel free to contact them at
