- **MAKE IT HOME SAFE** - The Guardian Angel Elite series was designed with your safety in mind. With 360 degrees of lighting, you can switch between strobe or constant on functions independently between the front and rear facing lights – allowing for a constant light in the front for your own visibility, and rear flashing lights for oncoming traffic.
- **BE VISIBLE AT ALL TIMES** - With a total of 18 high output LED's rated up to 500 lumens, the Guardian Angel offers up to 5 miles of visibility. Your silhouette is increasingly difficult to see as night falls - the Guardian Angel ensures that you are completely illuminated to everyone in your surrounding area and beyond with 4 brightness settings.
- **INDEPENDENT OPERATION** - The Guardian Angel has front and rear facing LED's that can be operated independently. Easy one button operation activates the lights that you need. Front, rear, work and emergency lighting are accessed at the push of a button.
- **DURABLE CONSTRUCTION** - Despite weighing only 3 ounces, the Guardian Angel's polycarbonate and ABS shell is IP68 rated for shock and crush resistance, as well as all around weather resistance. Rain, snow, or shine the Guardian Angel will maintain its ability to safely illuminate your location. With brand new USB-C charging capability, a full charge can be achieved in as little as 2 hours.
- **UNIVERSAL MOUNTING** - The Guardian Angel comes standard with a neodymium rare earth magnet mount. You can attach this mount underneath your clothing or purchase the many available mounts for your shirt epaulet, bike mount, or windshield mount. The included magnet also works to attach to the hood of your vehicle for certain situations.

Product Description

GA GUARDIAN ANGEL

The Guardian Angel was made with one goal in mind – for you to make it home safely. Low light conditions can be especially dangerous for a pedestrian, cyclist, equestrian, etc. Often, you are not seen until the headlights of an oncoming vehicle approach you. Be seen from up to 2 miles away with the Guardian Angel!

With long lasting battery life, and water resistant polycarbonate ABS plastic the Guardian Angel lives up to its name. Designed to keep you safe in all weather conditions, the Guardian Angel provides the added safety of high visibility in one small, convenient package.

**18 HIGH OUTPUT LEDS
UP TO 500 LUMENS**

**LONG LASTING BATTERY LIFE
UP TO 150 HOURS*
*AT LOWEST SETTINGS**

**ONE PUSH EMERGENCY STROBE
SAFETY FEATURE**

**OFFERS 360°
VISIBILITY**

**COMPLETELY
WATERPROOF CASE**

**BUILT IN MAGNET
FOR EASY MOUNTING**

White/White Elite Light

Your Personal Flood Light

When darkness comes, having your own personal Guardian Angel is the best way to keep yourself safe. Illuminate yourself and your surrounding area, while alerting others of your location. Making yourself visible is a huge step towards increasing your personal safety in low light conditions.

One Simple Goal

The Guardian Angel Elite was designed with one goal in mind - for you to **Make It Home Safe**.

Great For:

- Camping, Hiking, and Exploring the Great Outdoors
- Walking your Dog
- Cycling, running, or late walks
- Roadside awareness on dark roads
- Vehicle Maintenance Lighting
- Illuminating entire rooms or campsites

Increased Safety For All Situations

Compact Size

The Guardian Angel Elite is small enough to fit in the palm of your hand, but powerful enough to keep you visible in all directions up to 2 miles away! Weighing only 3 ounces, it is lightweight enough to be mounted on virtually any surface.

Rain, Snow, or Shine

The polycarbonate ABS plastic shell is built to last, even when fully submerged in water! Whether it rains or snows, you can be confident that the Guardian Angel will alert those in your surrounding area of your location.

Universal Mounting

There are a multitude of ways to mount your Guardian Angel to your vehicle or person. The neodymium magnet can be used to mount directly to any metal surface, such as your car. There are many available mounts that increase effectiveness on your person, bicycle, and more!

Be Your Own Light Source

Reflective vests only work if a light shines on them. With a Guardian Angel, you are your own light source. The 360° lighting makes you visible from all angles, so there are no blind spots.

Question: How long does the battery last on one charge?

Answer: It lasts awhile. As long as you turn it off at the end of each shift. I usually work 5 9 hour days. And I've had it last me all week, on a single charge. But if u keep it on it'll last maybe 2-3 shifts. But I don't use the flashers much. I usually use it to for the white and red LED when writing citations or speaking t... see more

★★★★☆ DO NOT PURCHASE FROM: DIRECT PREMIUM BUYS

Reviewed in the United States on September 23, 2018

Verified Purchase

EDIT: So I've ordered a few of these, and wouldn't you know, much like others have said, I got a used one that's not working right. This company is seriously endangering lives, considering who the intended users are for these.

I purchased one for myself, mainly because I thought it would keep me safer working after dusk. I usually work evening shift, but occasionally work midnights. That said, I requested approval to use the light before I purchased it, as this is definitely a non-approved uniform item.

Upon receipt of the unit, I was pleasantly surprised at the size, build quality, and BRIGHTNESS! I also purchased the clip for the shoulder epaulette. It mounts and sits great on my uniform shirt, as well as my external vest carrier. The UI is super simple, and seems well thought out.

I feel safer and more visible with this on my shoulder, and most of the guys I work with have either ordered one, or say they want to. Admin has even made it an approved item for uniform use. I highly recommend it for not only law enforcement, but anyone under the public safety umbrella, night time construction workers, DOT/DOH, et. al.

Steve

★★★★☆ **White light not bright enough for police work.**

Reviewed in the United States on February 1, 2019

[Verified Purchase](#)

I purchased this unit as I work 1st watch exclusively and conduct a lot of traffic stops at night. I was looking primarily for a hands free white light so I could approach vehicles without a flashlight in my hand. I was previously using a streamlight clipmate for this purpose and it works good (wish it was brighter as well). I was hoping the GA would add a back flashing LED to increase my safety while doing so. The GA four LED white lights are not bright enough to see into the vehicle's passenger side while on the drivers side. The LED are more diffused and give overall more light, but not focused enough to see weapons or things of that nature. The red LED also isn't bright enough to write a citation in the dark. The LED Strobe function is great and plenty bright. If you're buying it primarily for the LED strobe warning function, then it's good to go. I believe the idea behind the GA is sound, they just need to improve the white and red led functions by making them brighter and more focused. I will be returning the unit there is only one lapel spot available on my uniform and I need a functional hands free white light there.

Color: Red/Blue/Infrared | [Verified Purchase](#)

May be better to order this product directly from the Guardian Angel Website. I have ordered two of these through Amazon and continue to receive refurbished. Both that I have ordered do not have working (all lights activation function) and the top LED doesn't work. I've gone through the instructions various times and the top button and light work. Sad because if this product worked the way the video shows then it would have gotten all five stars.

★★★★★ **Build quality**

Reviewed in the United States on December 16, 2019

[Verified Purchase](#)

Just got in the mail today. Open it and test it out in my bedroom, so far I love it. 5 star for the build quality and the magnet is very strong. Remember this is a "Safety" light that makes you visible enough to others and want a hands free light to write or do a search.

I am not going to rate for the brightness and battery life yet. Not until I test it out in the field. Can't wait to put it into a test!

Will be back with an update!

UPDATE!!! 2/17/20

HOLLY SNAPS!!!!!! Definitely a 5 star. Made my life a lot easier while searching with both hands. The light is very bright. BATTERY! I don't use mine heavily, just only when I need to but I charge it fully the day I got it and I noticed the light wasn't bright enough anymore yesterday. Got the light on December 16, 2019 (Fully charged it) and charged it yesterday February 16, 2020. Turn it on and the brightness came back. That's 2 months!! I wasn't expecting that. The light is very rugged. Accidentally dropped it once on a cement floor and that's because I had my jacket on and totally

★★★★☆ **Safety First - You will feel safer wearing this light. Not the cheapest but worth it in the long run.**

Reviewed in the United States on May 8, 2018

[Verified Purchase](#)

This light is handy and so far works great. I was very surprised that the light actually fell from my shoulder once while running. The magnet seemed super strong but it may be best to buy the shoulder clip piece just to secure the light to the shoulder better. THE CLIP PIECE SHOULD JUST COME WITH THE ITEM BUT ITS ANOTHER ADD ON ITEM \$\$\$ Other than that the light seems to be great. It has 3 brightness levels and really helps to show my location to passing motorists. Safety first. I recommend this item for all LEO's.

★★★★☆ **A Great Extra Safety Tool**

Reviewed in the United States on June 16, 2019

[Verified Purchase](#)

Shipping was very fast. Everything came nicely packaged. The unit is smaller than what I expected (which I like) and the lights are more than adequate in brightness. I work overnights in law enforcement and I know my Guardian Angel will come in handy for the public to see me or for a fellow officer to locate me. The pure white light will be great for hands free searching of vehicles and certain locations where there is not a threat. Very happy with this purchase. My only suggestion for the company and inventor(s), make the next generation unit with a steady lights on feature where all the led's will shine steady without flashing.
