- 100% RECYCLED PLASTIC - Made from 100% recycled plastic so you can rip clappers AND stay green at the same time. Highly durable, Mint is guaranteed to hold up to any abuse you can toss at it
- PRETREATED WITH SILICONE - Mint is treated with advanced silicone producing an industry-leading glide. You'll truly feel like you're on a fresh sheet of ice. These aren't your typical plexiglass tile/tiles.
- BLACK COLOR - The best goal scorers play the game with their heads up and eyes on the target. Mint's black color will improve your shot by hiding the pucks and forcing you to keep your eyes on the net.
- MADE IN MINNESOTA - Mint is manufactured by fellow snipers on the edge of Minnesota lakes country and the Canada border where hockey was born. That means every dollar spent with mint supports an American job and an American business.
- BUY A MINT, PLANT A TREE - For every training aid we sell, we plant at least one tree in the north woods of Minnesota or elsewhere in the United States.

Product description

Manufactured in the land of 10,000 lakes and 10,000 hockey rinks, these cookies are Made in the United States in the northland of Minnesota. Not only is each Mint mat made from 100% recycled plastic, but they're also pre-treated with a layer of silicon. So when it comes to a synthetic real-ice feel there's no question Mint mats sit on the top shelf where momma hides thin mints. Why black you ask? That's to teach you to get your head up and shoot like a pro. Same story if you're dropping sauce in the backyard or at home ripping a one timer of your little brother/sister's helmet (His/her fault for becoming a goalie, right?). Keeping your eyes off the puck is the key to developing a better shot and becoming a better passer. That, and a lot of practice of course. At Mint, we strongly believe in the value of sustainability and giving back. That's why we promise to plant at least one tree for every board we sell. We also promise to maintain a no questions asked customer service policy and a money-back guarantee. If you (or your stick) aren't 100% satisfied with your matt, then we haven't done our jobs!

I mean, it's ok. The box showed up completely broken, there was just a board in a broken box. Not sure why there were footprints all over it. Shoots ok, but not great.
