PROXIMITY

**Personal
Password Manager
Safely share with trusted
friends and family!**

Securely store and generate unique passwords.

Safely store all of your login information and other sensitive data in the PROXIMITY™ mobile app on one singular device.
Enter your existing account information and login credentials or create a new unique and secure password using
PROXIMITY's character scrambler.

Sharing is easy.

Build your PROXIMITY™ network with trusted friends and
family. Share login information for services such as family

Your data is in YOUR hands.

Your information is only accessed on one singular device of
your choice. Your PROXIMITY ™ network is your recovery

Sharing is easy.

Build your PROXIMITY™ network with trusted friends and family. Share login information for services such as family email, family streaming services, online retailers, children's account information and data, home security systems, etc. Each individual PROXIMITY user will decide what is shared and what remains personal and private. Your PROXIMITY network will also recover your account using Proximity's patent pending peer identity verification system.

Your data is in YOUR hands.

Your information is only accessed on one singular device of your choice. Your PROXIMITY ™ network is your recovery system. Lost device? New device? Deleted App? No problem! Simply login to your PROXIMITY account and one of your trusted PROXIMITY connections can verify your identity and recover your account.   By design, PROXIMITY cannot access your data and cannot help you recover your account.

Simple, Secure, Effective

Store and Create Unique Passwords

Simply add your already established account and login information or use the PROXIMITY™ character scrambler to create more complex passwords.

## Share Login details with trusted connections.

In homes today we share streaming service accounts, family email, access to smart home devices, etc.   Simply open the account in PROXIMITY™ and choose which trusted connections can have access to the information.
