Q&A

Daily Best Prenatal is a dietary supplement that supports healthy pregnancy and lactation, methylated B vitamin levels, balanced gut bacteria w/ Lactobacillus rhamnosus, and upper digestive function and nausea w/ Ginger Root Extract.\* Aside from compiling the most clinically relevant and nourishing nutrient profile for a pre and post-natal formula, our focus was heavily concentrated on convenience and compliance. Pregnancy is hard enough, and when ingesting a prenatal supplement becomes a monumental task because of either the size of the pills or the number of pills per serving, compliance goes down and both mother and child can suffer. This 2 capsule formula boasts all of the most up-to-date forms of nutrients and is easily integrated into the daily routine of the new mother or mother-to-be.
