★☆☆☆☆ 1 **From an ok product to a bad product by Berkley and Jensen!**

I used to buy these Berkley and Jensen Table Cloth all the time and liked them. However, recently the size of these table cloth got cut from 50 inches wide to 46.25 inches wide. Now, it no longer covers the side of the table. This is infuriating! In order to use them, you have to cut an additional table cloth lengthwise to cover the length of the table on one side. Another issue is, that they are often creased in many places. Why not get them manufactured in an unwrinkled form and packed that way?
