It was really weird at first but now it's pretty cool. 2 gold circles

Great!

We love our bidet! Had been thinking about getting one for a while and now we're so glad we did. Our only issue was at installation, we misaligned the rubber piece inside the connector to the toilet tank and we didn't know why it leaked initially, but it was easily fixed. I would absolutely recommend the product!

Can't say enough about this product!

My family was a little skeptical at first but now we all love it. My friends come over and use it and they are delightfully amazed! I even purchased one for my 80-year-old father he loves it because now he feels so much cleaner! Absolutely one of my best purchases ever!

It only gets 5 starrs because...

"I'm not allowed to give it 6 !!!"

I'm not allowed to give it 5 !!!

Seriously though.. "WHY DID WE WAIT SO LONG TO BUY ONE ???"

Don't take my word for it.. take my bootys word ! and do yourself and your tp bill, a favor !

A Clean bill of health!

The Whisper Bidet is all that it claims to be. I was impressed by the clear and friendly "user manual", the ease of installation (thanks in great part to that manual), and the end results (pun intended). My wife and I are both very happy with it. The Whisper Bidet has also put an end to our pandemic-induced TP hoarding - now we have enough to last many months, if not years!

Highly Recommend

Although the unit does not fit my non-standard toilet, I still recommend it for almost all other situations as it is a well designed product. Additionally, returning unit was not an issue and greatly appreciated.

Loved the 1st one so much, bought a second one

Having never experienced a bidet before, I was unsure. Once we received our Whisper Bidet, and installed it (10 mins, super easy, no leaks, simply follow the directions), we were immediate fans. The Whisper product is inexpensive, works well, easy to use, well made. Why haven't bidets become standard products in all american homes? Seems like such a no brainer! Thank you Whisper for making these easy, inexpensive, well made. I've told anyone that will listen, and shared to social media. Great experience!

Loving the Whisper Bidet! It was very easy to install. Only takes about 10 minutes and you're on your way! Can't believe there is any hesitation with bidet buying. Everyone needs clean buns!
