Dawson

Quality People. Quality Work.

MISSION

Build with leadership, predictability and value to ensure successful construction projects.

CORE VALUES

Safety First—Safety supersedes schedule, cost or circumstance. Every accident is preventable. Everyone goes home safe.

Doing the Right Thing:

For our People—Create a culture of hard work and continuous improvement within a rewarding and challenging workplace. Foster a climate of stability to ensure employee security and sustainable growth. Our people are our future.

For our Clients—Dedicated to deliver projects which exceed expectations. Establish long-term relationships built on trust, integrity and quality performance. Your priorities become our priorities. No Surprises.

For our Partners—Build enduring industry relationships through fair and honest construction management which takes into account the best interest of all team members. We succeed when everyone wins.
