Become a Lord or Lady Today

Lordship & Ladyship Title Packs

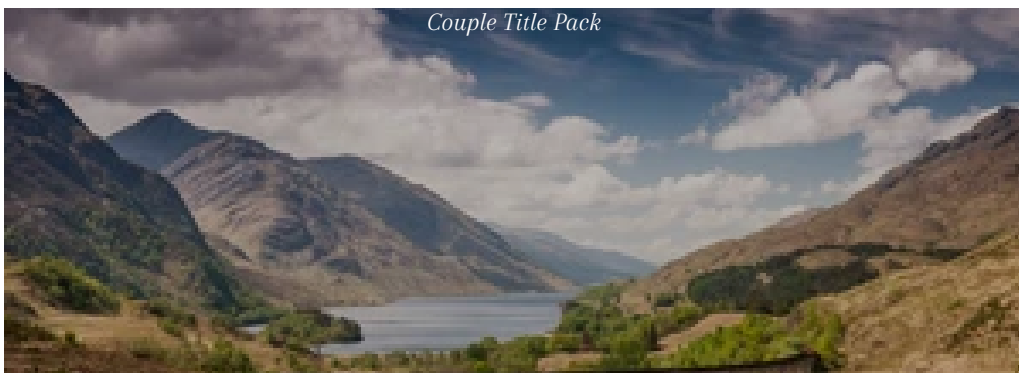

Purchase a personal Lordship or Ladyship Title Pack with dedicated land in Scotland.*

Our Title Packs are based on a historic Scottish land ownership custom, where landowners have been long referred to as "Lairds", the Scottish term for "Lord", with the female equivalent being "Lady".

**This is a purchase for a personal dedication for a souvenir plot of land. You may choose to title yourself with the title of Lord, Laird or Lady.*

Every Lordship or Ladyship title pack contributes to the preservation and protection of woodland areas in Scotland. As the intention is for the land to be kept in its natural state, we ask that all interested parties do bear this in mind.

Title Packs Available

Each pack contains:

One square foot of dedicated land on a private estate in Aberdeenshire, Scotland and a printable certificate with a crest, making it the perfect gift for anyone, anywhere.

The intention of these packs is to provide a fun, novelty product for those who want to purchase something a little different for themselves, friends and family, all while simultaneously preserving and protecting woodland in Scotland.

While many love their Lordships and Ladyship title packs, we do understand that it may not be for everyone and so we have a no-nonsense refund policy. If you would like to take advantage of our refund policy, do contact us at contact@establishedtitles.com and we will be sure to assist.

"Surprised my husband, whilst out for the first time since Covid19 deconfinement in order to celebrate our 11th wedding anniversary, with a Lordship. Decided to treat myself to a Ladyship at the same time. After all, I couldn't have him Lording over me. Anyway, I'm the true Lady of the house ha ha ha ha. Superb."

"Since the purchase of my two lots for my wife and myself, I have noticed a difference in the service and level of etiquette shown towards us. After a few laughs from family about me being a Lord, it is a great novelty and one that does come with some rewards. So glad I purchased these plots, and happy to call my wife, My Lady."

"My Father has Scottish heritage, though

he's now the 3rd generation living in Canada. But I thought it would be a fun tribute to his Scottish heritage and a cool Father's Day gift to make him a Lord. He loved it! He told us we could keep it informal; curtseying was not required. I made my Mother a Lady on her birthday, just to maintain the household power dynamic. (lol)"

"My husband LOVES his gift! Since I gave it to him he will pull his "Lord" status to get out of any chore I ask him to do!! Lol it has become such a fun part of our family. I will yell "Jeremy can you take out the trash?" And he will reply "Lords don't take out trash Amber!!" This has given our family a lot of happiness and our girls will have so many memories of their father being "Lord of the house!"

"Framed on my office wall. I, with my Scottish heritage, am proud to display my certificate on the wall of my office."
