## We're Adding Products and Subtracting Fees

...which equals a better way to buy electronic components  
We're continuing to expand our inventory of board-level components. Even better, we've removed the \$20 up-charge on thousands of components coming from our overseas warehouse - so now you have more to choose from and less to pay for!

[Shop our expanded inventory](#)

Thousands of new products added!

### Products packaged to your needs

**NEW!** Choose exactly how you want your board-level components packaged.

See our new web functionality that lets you select packaging options. See our Part Detail pages.

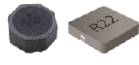

**Extensive range of Tape and Reel components**

Find competitive prices on Resistors, Capacitors, Inductors and Integrated Circuit Semiconductor Components, and Discretes Semiconductor Components. Search using manufacturer part numbers to find tape and reel versions of 1000s of surface mount components.

[Browse for products >](#)

### BOURNS

SRP and SRU Surface Mount Power Inductors  
Ideal for use in DC/DC converters and power supplies. SRP series includes parts that are AEC-Q200 qualified for automotive applications including driver assistance.

[SRP Series](#) [SRU Series](#)

### Wide product range

**Over 600,000 Products In Stock**

We are continuously enlarging our product breadth and depth to make sure we have the products you are looking for, in the quantities you need.

[Browse for products >](#)  
[Browse by manufacturer >](#)

**New Products Added Weekly**

Never miss out on the latest technology. We make sure we have the newest technologies in stock for same day dispatch.

[Learn more >](#)

### Chip SMD Resistors in FULL REELS

### Delivery options

**Same-day Shipping**

We offer same-day shipping on in-stock products with no minimum order quantity.

[Learn more >](#)

**Schedule Your Orders**

Products procured, scheduled and ready to ship for future release dates up to 90 days in advance on most products. Need more time? Call 1 800 463 9275.

[Learn more >](#)

### SMD Aluminum Electrolytic Capacitors in FULL REELS

### Dedicated services

**Kitting**

We can create customized kits, individually package and label parts to your specs. Call 1 800 463 9275 to learn more.

**eProcurement**

Choose from our eProcurement solutions to help save your precious time and money. Use our free iBuy tools, or integrate your purchasing system.

### Value-added services

**Stockroom Equipment**

Our team can evaluate, supply and organize your stockroom, install shelving, cabinets, bins and more. Contact our dedicated team at **1 800 463 9275** for more information.

**Fast Service**

Our dedicated Contract Manufacturing team ensures fast quote turnaround and guarantees your quote will be with you in 48 hours or less. Volume pricing is also available. Contact our dedicated team at **1 800 463 9275** for more information.

**2D barcode Value added**

2D Barcoding allows our customers to scan one barcode to gather all the necessary information while checking the products. That includes all information that is listed on our pick labels or packing slips such as: Date & Lot codes, Part Numbers (Newark and Customer), Customer PO#, etc...).

[Learn more >](#)

**Easy Ordering**

Our Quick Buy tools, like **Parts List (BOM) Upload** allows you to upload your entire BOM and get an immediate response. Plus streamline your purchasing process with **Purchase to Pay** and **iBuy**.

**Vendor Managed Inventory**

Our experienced team can prepare and implement a custom stockroom solution that will lower your inventory levels, reduce your vendor base and consolidate your spend. Contact our dedicated team for more information.

# Ready for Tomorrow

Keep pace with an ever changing market, work with

- a global electronics distributor that provides you with local support
- a reliable partner that offers you a broad range
- an industry leader providing access to specialised products

We continue to invest in our services and product range to make sure you are Ready for Tomorrow!

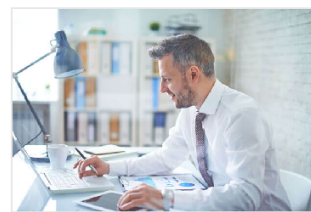

## Designing?

- Access the widest range of exclusive products and latest technologies. With over 2,500 dev kits and evaluation boards you will find everything you need for your design
- Stay up to date - 900 new products added weekly

[READ MORE](#)

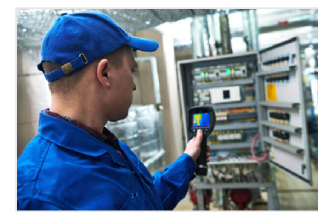

## Buying?

- Access our largest ever range from world leading Passive, Semiconductor, Electromechanical and Connector manufacturers - including TE Connectivity, Molex and Panasonic
- Enjoy local and professional customer service available online, via phone, and face to face

[READ MORE](#)

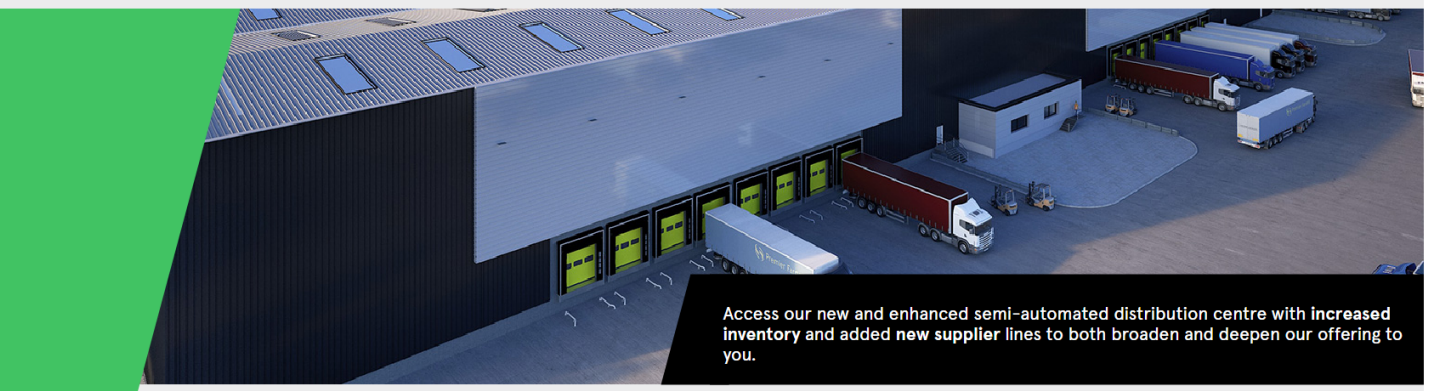

## Maintenance?

- Access over 28,000 Test, Measurement, Tools and Production Supplies from leading manufacturers
- Minimise downtime in urgent situations with our same day despatch and fast delivery
- Exclusive offers and promotions on popular products

[READ MORE](#)

## Meet our new international Distribution Centre

Access our new and enhanced semi-automated distribution centre with increased inventory and added new supplier lines to both broaden and deepen our offering to you.

### Your convenience is key. Take advantage of:

- 2D barcoded labelling for efficient customer handling.
- Enhanced product traceability proposition.
- Reduced split shipments, making receipting and processing more efficient.
- More available products in production ready packaging.

40% more capacity available in our new state-of-the-art facility - investing in more products to help you be Ready for Tomorrow

Even higher order accuracy and reduced pick errors thanks to our semi-automated order fulfilment process

Streamline your business - 8 packaging options available for you, delivered with higher precision

Same day despatch, fast delivery

## Our best ever range ready for tomorrow

Inventory increased by **+25%**

- Access to all the leading brands with over 40 new manufacturers added
- Extended Interconnect and Electromechanical ranges available to short lead times
- The latest technologies in stock, ready for tomorrow
- Delivering all your product requirements from Board level components to Test equipment

# Packaging Solutions

We offer a best-in-class, versatile and innovative range of packaging solutions, designed to work for you and your challenges

### Full Reels

Guaranteed full reels supplied with manufacturers' leader and trailer tape.

### Continuous Strip

All tape and reel components are available on one continuous strip - reducing waste and improving production efficiency.

### Register Today

Sign up to access all the great products and services from Newark.

### Moisture Sensitive Packaging

Save time and effort with our ready-to-use packaging for moisture-sensitive components. Products remain fully sealed to protect against exposure to the atmosphere.

### Full Quantity Tubes

A convenient storage solution offering significantly reduced component handling.

### Value Brands

Exclusive to us, our cost effective Value Brands save you money across a broad range of products.

### Free Re-Reeling Service

Over 47,000 surface mount components re-reeled to your required quantities - at no extra cost.

### Request a Quote

Quick, easy and flexible access to your quotes online.

Call our dedicated team at **1 800 463 9275** or send us your requirements online.

# Free Custom Re-Reeling

## Don't Pay Useless Reel Fees for Your Job

Newark is the only national electronics catalog distributor to offer you automatic re-reeling for cut tape orders that are longer than 18" — at no charge. Re-reeled to EIA standards, this service is available for thousands of top brand components.

Service is available for over 40,000 products covering diodes, transistors, ICs, surface mount optoelectronic components, surface mount resistors, capacitors, inductors, ferrites, trimmers, crystals and oscillators. Shop smarter today, no more wasted components or unused stock, at no extra cost. Find the minimum order quantity for re-reeling of your products by looking at the charts below.

[Check Minimum Quantity](#) [View More Custom Services](#)

## Free Re-Reeling Service for Semiconductors

Available for diodes, transistors, ICs and surface mount optoelectronic components. The quantity of parts required for 18" (458mm) cut tape length varies with product case size. Always check packaging dimensions in the product technical data sheet before placing an order.

Pin Count	Case Size	Min Qty
- select -	- Select -	40

## Free Re-Reeling Service for Passive Components

Available for surface mount resistors, capacitors, inductors, ferrites, trimmers, crystals and oscillators. The quantity of parts required for 18" cut tape length varies with product case size. The charts below show the common case sizes and quantity requirements for our standard re-reeling service.

Case Size	Qty of parts in 18" cut tape
0402	250
0603	126
0805	117
1206	117
1210	116
2010	65
2512	60
3030	40
3610	40

Tantalum Case Size	Qty of parts in 18" cut tape
A	115
B	115
C	58
D	58
E	58
X	115
T	58
