## ADJUSTABLE IN-LINE 4 D-RING BODY BELT™ H-STYLE HARNESS COMBO – U68L7NQ16

**\$1,059.82**

An 'H' style harness/body belt combo with all the features of a universal harness, now with the added benefits of the adjustable in-line 4 d-ring body belt™ (20122CEM).

- The Buckingham 4-D-Ring In-Line Belt has the profile of a 2-D-ring belt with the convenience of a 4-D belt.
- This belt features a narrow back pad that is like the 2-D-Ring belts that linemen have grown accustomed to and is one of Buckingham's lightest belts.

The 20122CEM is typically outfitted with steel d-rings, but for this particular model, the harness/belt combo features aluminum bent d-rings.

*Fits Sizes: S – X*

*Meets all OSHA, ASTM, and ANSI Standards.*

*\*Rated to 420 lbs. when used with equivalently rated accessories.*

**\*Usually ships in 7 to 14 days.**
