As an Independent Insurance Agent, **Garden State Professional Insurance Agency** offers

all of our professional clients multiple options from national and regional Professional Liability Insurance Company Partners. Our carrier partners are all rated Superior or Excellent by **A.M. Best** based on their financial stability and claims paying ability.

What Makes Garden State Professional Insurance Agency Different

Unlike “Association-sponsored Professional Liability Programs”, or “Program Administrators” that only represent one Insurer, **Garden State**’s partnership with multiple insurance companies allows us to provide you with competing proposals. We’ll analyze your claim record and risk management controls and work with the appropriate insurers to develop targeted solutions for your consideration.

We are also experienced in serving firms with difficult claim records, as well as law firms with “risky” areas of practice.

The Garden State Professional Insurance Agency Team

Success born of experience! Nearly everyone on the Garden State team offers over 20 years of professional liability insurance experience affording them the knowledge needed to work with even the most complex risks. And because we are truly professionals serving professionals, you can count on always receiving prompt, courteous attention.
