

Amber Group

Leading Global Crypto Finance Service Provider

Based in Hong Kong, Amber Group is a leading global crypto finance service provider for users worldwide. Amber Group was founded in 2017 by a group of finance professionals from Morgan Stanley, Goldman Sachs, and Bloomberg. Amber Group operates around the world and around the clock with a presence in Hong Kong, Taipei, Seoul, and Vancouver. We provide 24/7 service to 200+ institutional clients, cumulatively trading over \$220 billion across 60+ electronic exchanges, with an average daily trading volume between \$100-200 million.

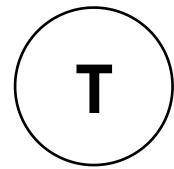

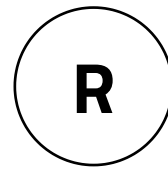

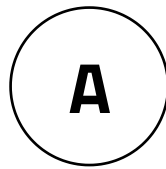

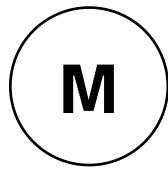

Amber Group is committed to serving clients around the globe by combining the best-in-class technology with sophisticated quantitative research to offer a streamlined crypto finance experience. Our goal is to optimize investment flexibility, maximize investment returns and provide long-lasting value for our clients. In 2019, Amber Group raised \$28 million in a Series A funding round led by global crypto heavyweights Paradigm and Pantera, with participation from Polychain Capital, Dragonfly Capital, Blockchain.com, Fenbushi Capital, and Coinbase Ventures.

Our Mission

Our Edge

Specialists with a global vision

- Founded by finance professionals from Morgan Stanley, Goldman Sachs, and Bloomberg
- 150+ professionals across risk management, quantitative finance, technology, and trading

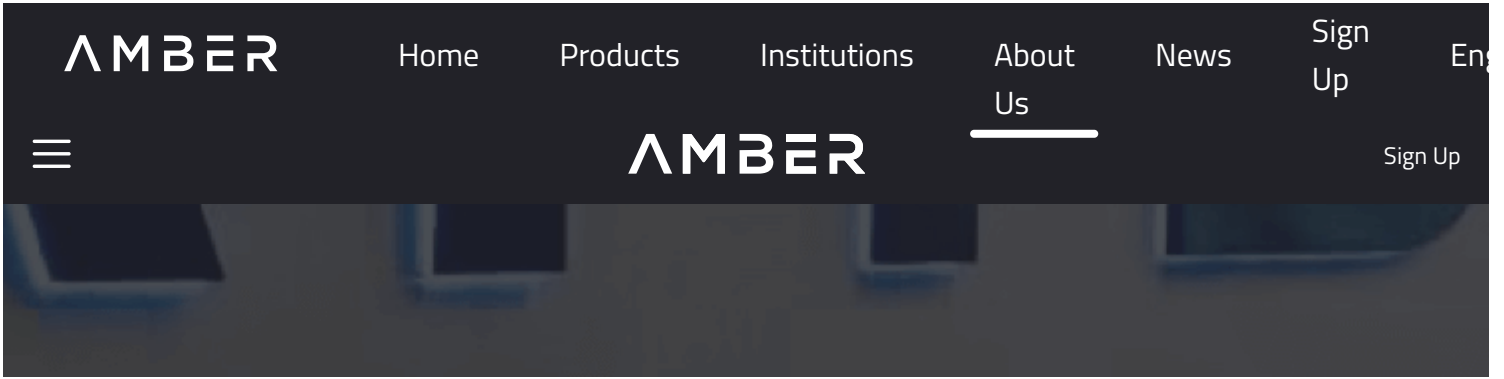

Our Commitment to Compliance

use in Japan, South Korea, Southeast Asia, Europe and North America. We actively monitor the global crypto regulatory climate and undergo the necessary procedures to obtain the required licenses for legal operations. To date, we have obtained US and Canadian Money Services Business (MSB) licenses and are also registering for licenses in other jurisdictions.

Our History

Executive Team

Amber Group was founded by a group of finance professionals from Morgan Stanley, Goldman Sachs, and Bloomberg. Together, the founders' shared vision for crypto finance continues to guide Amber Group towards pioneering solutions for a borderless crypto finance ecosystem.
