\$200B+ in Volume

Global Presence

200+ Institutional Clients

We are the market leader in pricing, trading and hedging complex cryptocurrency products. On an average day, we trade between \$100M to \$200M in cash, futures, swaps, options and other derivatives. We are major participants on more than 60+ electronic exchanges and alternative trading venues across the world and have cumulatively traded over \$220B across all products and categories.

Our core value is building strong relationships with our clients: helping them buy and sell cryptocurrency products, manage risk and access liquidity. We are a team of 170+ entrepreneurial technologists, quantitative researchers, traders and engineers on a mission to unlock the value of crypto finance. We operate around the clock and around the globe, with a presence in Hong Kong, Seoul, Taipei and Vancouver.
