Artistic Lighting & Electric is the modern evolution of a family business that began with founder Merlin Johnson in 1969. Headed today by his eldest son, Duane Johnson, our company works hard to retain its fine reputation as one of the Bay Area's best full-service lighting and electrical contracting firms, dedicated to the highest standards of professionalism, installation quality and lighting artistry. After many years of continuous innovation, Artistic Lighting & Electric has designed and installed lighting and electrical systems in an impressive variety of residential homes and commercial environments. Always moving forward to match the pace of architectural evolution, Artistic Lighting & Electric is focused on seamless, total solutions, which integrate systems with components featuring the latest technologies, in order to meet the complexities of today's requirements.
