There are two kinds of light - the glow that illuminates, and the glare that obscures.

JAMES THURBER

Full Service Electrical Contractor

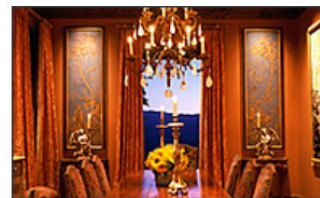

### A little bit about us

Artistic Lighting & Electric is one of the Bay Area's largest and most experienced, full service lighting and electrical contractors. We offer a full range of services for lighting design, lighting control, and electrical contracting across the entire Bay Area, from the peninsula to the wine country, with a core area in the San Francisco area and Marin County.
