MORE INFO

- **【Powerful six-leaf blade】** The six-leaf blade have more powerful functions than the traditional four-leaf blades. Six-leaf stainless steel blades are used to cut larger fruits and vegetables, with long blades on both sides. The short blade in the middle follows the high-speed motor to cut small fruits and vegetables. The combination of long and short blades with the fast cutting of fruit and vegetable fibers can achieve the delicate taste of juice.
- **【Lightweight and easy to carry】** The weight of the cup is 450 grams, which is small and convenient. You can carry fresh juice with you whether you are at home or on the go. Portable juicer cup, suitable for travel, camping, fishing, home and office, carry it with you.
- **【Easy and automatic cleaning】** One-button cleaning is easy to use, and automatic cleaning will not hurt your hands. You can put an appropriate amount of water in the cup, and the button can start automatic operation after 45 seconds of cleaning.
- **【USB charging】** The charging port is designed at the bottom of the juicer cup, which is suitable for various charging methods. It can be easily charged by power bank/wall charger/computer/USB device. And added a waterproof and dustproof silicone cover, so you can clean and juice without worrying about water ingress.

- **【Large capacity】** Large-capacity lithium battery has enhanced battery life. It can be filled with about 15 cups of juice at a time. Let you drink fresh juice every day. You can enjoy fresh nutrition preservation and good leisure time.
