About this item

- INCLUDES:** The Luminoodle includes a waterproof, 5-ft USB rope lights strip, universal noodle ties, built-in magnets, utility loop and rip-stop nylon bag to double as a storage or lantern bag. Use any USB battery pack to power the Luminoodle to produce 180 lumens of light. *Battery pack not included* (PATENTED DESIGN)
- VERSATILE:** Put one in your tents for camping, use the magnets to attach to the hood of your car as a car repair light, or throw the Luminoodle in the included rip-stop nylon bag to use as a camping lantern - the opportunities are nearly endless. The universal and reversible USB plug make these camping lights compatible with any USB power source. Not only for camping, keep the Luminoodle as an emergency LED light to take your emergency prep kit up a notch.
