

Introducing the BHS eStore!

BHS eStore

Battery Handling Systems, Inc. (BHS) is proud to introduce our online store allowing dealers to access product information 24/7! The BHS eStore is divided into four main categories: New Equipment, Parts, Parts Kits, and Product Manuals.

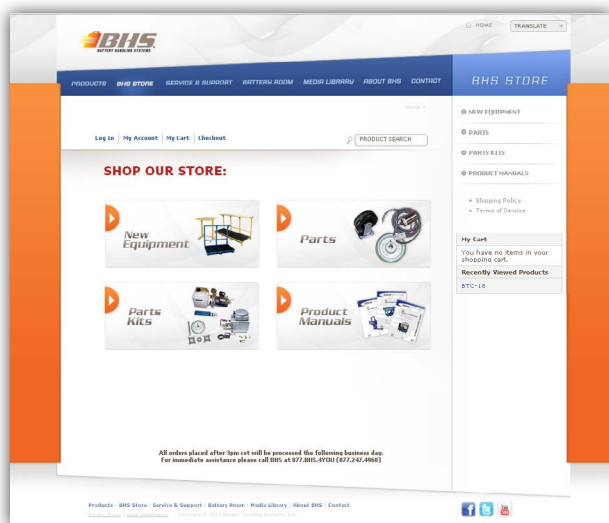

What's in store?

- Real-time product pricing
- Immediate freight estimates
- Easily identify parts and parts kits by using the Product Search feature
- Review pictures for accuracy and verify part numbers
- Product configurator ensures only available options can be selected
- Purchase and download manuals
- Analyze equipment specifications to match customer application
- View recommended products based on your selections

These features provide dealers the ability to prepare quotes for end users around the clock!

Gain Access!

To gain access to the BHS eStore's full range of benefits, email support@bhs1.com to begin setup of your account. A BHS representative will contact you and confirm your login information.

Click. Quote. Order.
