Warranties and Service Agreements

The purchase of a commercial vehicle is a major investment. While most vehicles come with a dealer warranty, it can be beneficial to extend the warranty and expand coverage, particularly for commercial vehicles that are expected to experience additional wear and tear. While most sellers offer a 60,000 mile power train warranty, Aztec Fleet Sales gives you a 5 year/100,000 mile power train warranty on your vehicle. Additional options are available, including bumper-to-bumper coverage. This offering is just one of the many that set Aztec's fleet sales apart from the competitors.

Fleet Vehicle Financing with Aztec Financial

No matter what type of fleet vehicles you need, Aztec Fleet Sales has the perfect option for your business. With benefits such as flexible financing, customized payment options, and competitive rates, Aztec has you covered with our fleet financing.
