[Add to Wishlist](#) [Install](#)

EV Connect is the home of the most innovative, robust and feature-rich cloud-based software platform for managing electric vehicle charging stations, their interaction with utilities and the driver experience.

The EV Connect App uses location-based services to allow drivers to easily find, access, and securely pay for EV charging. Drivers can search for and locate electric vehicle charging stations based on location, station ID, availability, power level provided, and accessibility.

Start charge sessions simply by scanning QR codes or entering the desired station ID in the app.

With the EV Connect electric vehicle charging app, you can also:

- Monitor your current charge sessions in real-time
- Get phone notifications as soon as your EV is finished charging
- Make secure payments
- Favorite locations that have easy access to your commonly used EV charging stations
- Receive an email receipt of your EV charging transactions
- View a history of past charging sessions
- Report drivers that abuse charging station use

**A** Akshay Deshpande ★★★★★ December 17, 2020 2

They bug from below is resolved, now the app crashes after the Dec16 update. \_\_\_\_\_ Can you just adhere to the settings I choose, please? I have un-selected push notifications at least 5 times on my Samsung S 10e. Yet every time I plug in, or it stops charging, or disconnects here is a notifica...

**F** Fred Marshall ★★★★★ October 30, 2020 3

Easy to use interface. Helpful status updates via text. Real time charging info. Great app.

**K** Kevin Giles ★★★★★ December 21, 2020 1

Easy to use app and stores payment

**A** Abdoulaye Sankhare ★★★★★ October 11, 2020 5

Works great for my vehicle and so cheap!!! Loving it!!!
