

Parts Brush Division

Paint Brush Corporation

PARTS CLEANING BRUSHES – for use in cleaning all engines and engine parts (truck, auto, aircraft, marine, farm), transmissions, brakes, gear boxes and other metal parts.

- Stiff, long-lasting Trialoy® polyester bristle shaped for maximum cleaning efficiency.
- Durable, injection molded handle with ribbed design for firm grip.
- Designed to be used in either solvent-based or water-based cleaning solutions.

DETAILING BRUSHES – *SoftTip* brushes for detailing vehicles, boats, aircraft and for other light jobs.

Bucket Brushes

ATLASTA®, ATLASTA® *SoftTip*

“Bucket brushes” are designed for hand use in a parts washing sink or solvent container. Cleaning is achieved by pressing the solvent-filled Trialoy® bristles against the dirty surface.

	Length	Weight	Filament
ATLASTA®	9.75”	4.3 oz.	Trialoy® polyester
ATLASTA® <i>SoftTip</i>	9.75”	4.3 oz.	Trialoy® polyester

Flow-Through Brushes

ORIFLO®, ORIFLO® *SoftTip*, MULTIJET®

Flow-through brushes are designed for parts washing sinks with circulating solvent systems. A continuous stream of solvent is delivered through the bristle head. MULTIJET® employs an additional ring of solvent jets to wash debris from the cleaning head. STRAIGHT SHOOTER incorporates a push button flow control valve.

	Length	Weight	Filament
ORIFLO®	10.25”	4.25 oz.	Trialoy® polyester
ORIFLO® <i>SoftTip</i>	10.25”	4.25 oz.	Trialoy® polyester
MULTIJET®	9.75”	3.54 oz.	Trialoy® polyester
STRAIGHT SHOOTER (#8)	11.75”	5.20 oz.	Trialoy® polyester
TUBE	28”	4.35 oz.	Material: Buna-N (O.D. 5/8”, I.D. 1/4” – molded cap to fit 0.500” – 0.600” parts washer nozzles)

Note: Brushes with valves may not operate properly above 30 psi.

Atlasta®, Oriflo®, Multijet®, and Trialoy® are registered trademarks of Paint Brush Corporation

Only one grade... the very best.

Ergonomic Brushes

WORK HORSE/BUCKET BUDDY/RIGHT ANGLE

For each of our most popular parts cleaning brushes, we have developed an ergonomic equivalent. The angled handle is designed to reduce strain in either a flowing solvent system or a solvent bath.

	Length	Weight	Filament
WORK HORSE (#6) (Oriflo® equivalent)	12.75"	4.84 oz.	Trialoy® polyester
BRAKE BEAUTY (#4) (Oriflo® equivalent with valve)	12.75"	5.63 oz.	Trialoy® polyester
BUCKET BUDDY (#7) (Atlasta® equivalent)	11.75"	4.88 oz.	Trialoy® polyester
RIGHT ANGLE (#9) (Multijet equivalent)	12.25"	4.11 oz.	Trialoy® polyester
MULTI FLOW (#5) (Multijet equivalent with valve)	12.25"	4.66 oz.	Trialoy® polyester

Flat Brushes

TIME SAVER #1, # 2, AND # 3

For large surface cleaning jobs, our innovative flat brush design makes cleanup a breeze. TIME SAVER brushes are available in three separate models, each incorporating our strain-fighting ergonomic design.

	Length	Weight	Filament
TIME SAVER (#1) (Flow-through with valve)	11.75"	5.76 oz.	Trialoy® polyester
TIME SAVER (#2) (Flow-through brush)	11.75"	5.09 oz.	Trialoy® polyester
TIME SAVER (#3) (Bucket brush)	10.88"	5.79 oz.	Trialoy® polyester
