**COBRA™ Integrated Solutions has supported clients around the globe for two decades:**

**EMERGENCY AND INCIDENT MANAGEMENT**

**Belgium Ministry of Interior:** Designed and implemented national Incident Command Management System for Belgian government; trained national leaders & first responders  
**DoD Guardian Deployment:** COBRA™ deployed as decision support system to 200 U.S. military bases  
**U.S. DoD:** COBRA™ deployed to 70+ Air National Guard bases & 60 US Army bases for Emergency Management & CBRNE response

**EVENT MANAGEMENT AND MONITORING**

**U.S. Presidential Inauguration:** COBRA employed for 2017 National Special Security Event  
**Tour de France 2017:** COBRA mobile trackers deployed for first responder real-time monitoring  
**Rock Werchter Concert & Festival:** COBRA monitored crowds and incidents in concert and concessions

**SECURITY MANAGEMENT**

**Brazilian Army & Navy:** Selected as incident command solution for Rio+20 Summit & Pope's Visit  
**FIFA World Cup Brazil:** COBRATM employed for security & response at 12 World Cup Stadiums  
**Rio de Janeiro Summer Olympics:** Radiological sensors integrated with COBRATM at multiple Olympic venues

**PREPAREDNESS AND COMMUNITY RESILIENCE**

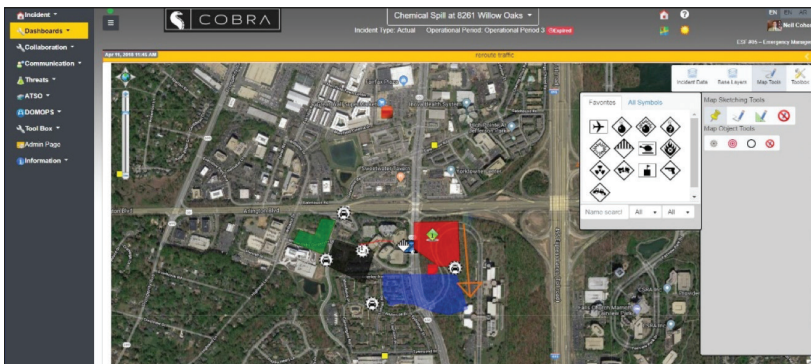

**Canadian Pacific Rail:** Hazardous material shipment response and recovery tool  
**Washington D.C. Department of Environment and Energy:** Environmental Crimes Unit operations  
**Cal OES:** Hazardous Material Response Unit planning and response tool

**EXERCISE PLANNING AND SUPPORT**

Dynamis has worked with both public and private sector entities to design, develop, and deliver training and exercise program support. Our training programs provide foundational and advanced knowledge

**Once deployed, the COBRA™ Product Support Team works for you:**

- COBRA product support and customer success advocates allow you to stay focused on your operations
- License holders enjoy regular software updates as well as choice of AWS Hosted solution or customer site installation. Also, ability for integration with new and legacy programs
- Multi-device friendly -- accessible from laptops, tablets, iPads, and smartphones (both iOS and Android)
