I would choose a different color
I really like the sheets temperature is great, feel very comfortable. I have one issue the light grey color should be dark grey. Only because the oils from skin hair are very noticeable on the pillowcase. I wash the sheets once a week it makes me want to wash them more.

100% MONEY BACK GUARANTEE I sets

I have owned several sets of bamboo sheets all of which were comfortable. Some did not wear well, while others had either a top or bottom sheet that was on the small side.
