LUBRICANT EYE DROPS FOR EYE DRYNESS

Item #: 96952

FAST-ACTING RELIEF

We love using our digital devices, but are our eyes on the same page? Staring at screens means we may blink less often and less completely, causing our eyes to miss out on much-needed hydration—which may lead to dryness, irritation, and discomfort.

REFRESH® DIGITAL acts fast to relieve, soothe, and provide comfort. It also features HydroCell™ technology which enables hydration and maintains the volume of cells on the eyes' surface. Also available in a preservative-free formula.

Let's make caring for our eyes top of mind in today's digital world.

REBOOT. RELIEVE. REFRESH.™
