## Health benefits your employees can actually use.

Comfort is the nation's first-of-its-kind zero deductible, zero copay health plan that provides 100% coverage on common healthcare services, at a cost comparable to most traditional group health plans.

### Cost Certainty

By taking a defined contribution approach, you're able to set and stick to a benefits budget that works for your business. And with common healthcare services and generic prescriptions fully covered, your employees have fewer healthcare expenses.

### 100% Coverage

You get peace of mind that your employees have health benefits they can actually use, and your employees get comfort in knowing they can get care when they need it. Comfort provides access to a broad, national network.

### Benefits to be proud of

Thrill your employees with health benefits that eliminate copays, deductibles, and confusion. With Comfort, your employees will trust you have their health and happiness in mind.

## No hidden costs. No surprise bills.

When your employees access care within Comfort's broad, national network.

### No-Cost Services
