**Currently these vests are on pre-order and are expected to ship to you by February 22nd.

We have spent the last few years designing, testing, developing, and working to provide another great vest for turkey hunters. We were extremely selective with every decision on the vest, from the zippers, the magnet, the memory foam... even the way we package it for delivery. There are some excellent choices in the market, but here's what makes ours a little different:

- Ultra lightweight brushed polyester for maximum breathability and extreme quietness
- YKK aqua-guard zippers
- High quality spacer mesh
- Shoulder pads lined with silicone nonslip treatment
- Weight - 4.6lbs
- One size fits most (all straps are adjustable for a custom fit)

Storage:

- Four Pot call slots
- Two Locator pockets
- Two Mouth call pockets
- Two Shear pockets lined with PU fabric
- One Box call pocket
- Water Bottle sleeves
- Bladder compartment and harness system

Seat Details:

- Seat made out of memory foam cushion with extra strength magnetic attachment - magnetic pull pressure of 39.2 lbs
- Densest 2 layer memory foam on the market

*Both vests come with seats but bottomland cushion not pictured.
