Spotweld Cutters

The fast, easy way to remove spot welds in car restoration or auto body repair work.

Blair Spotweld Cutters are the Professional's choice for removing spot welds. They make body panel repairs easy. By cutting around the spot weld and leaving the underlying panel undamaged, the damaged panel can quickly be taken off. The panel can be repaired and welded back on or a new panel be put back on using the spotweld cutters to make plug holes for welding. Blair Spotweld Cutters are used in a regular hand-held drills. There's no need to buy expensive spot weld guns to drill out spotwelds. So, whether you work in a high-end collision shop or in your garage restoring your dream machine, Blair Spotweld Cutters will make life easier.
