★★★★★ **Tricerataco= Happy Wife**

Reviewed in the United States on November 28, 2017

Style Name: TriceraTACO | **Verified Purchase**

My wife said she wanted this thing. Being a grown man I stood my ground and said it's ridiculous. So we compromised and now we own a Tricerataco holder.

The wife and I were having a blast making tacos in the teicerataco holder and enjoying some guac and chips from the nachosaurus while watching Jurassic Park. But then the wife is all like: "don't you think it would be nice to have children so they can grow up eating food out of these Dino-food holders?" (-_-)

No woman. These are MY Dino-taco/nacho toys. I don't want to share with anybody! Especially children cause they'd mess them up! I mean all the babies in my family keep destroying stuff all the time! Imagine if I shared this with a child and he/she comes back with the d**n head cut off or something?!

I love these Dino food toys! Keep making more!!

★★★★★ **Making Tacos Delicious for 65 Million Years**

Reviewed in the United States on January 12, 2018

Did I think our household needed a triceratops taco holder? Nope. Was I wrong? Yes. So very, very wrong.

Pros: Adds a bit of whimsy to taco night; is not life-sized and therefore fits inside your average house.

Cons: Only holds two delicious tacos.

★★★★★ **Fun and Functional (Really!)**

Reviewed in the United States on May 2, 2018

Ok, I realize this is kind of a ridiculous item in theory. More like a gag than an actual useful item, right? Wrong-o! I got one as a present and I loved it so much I had to buy one for my husband because he was envious. First it's well-made, sturdy plastic so it stays upright and doesn't wobble. Second it holds two regular sized crunchy tacos upright and ready to go. This way I can pre-make three tacos, one to eat and two for the dino to hold. The fillings in the dino tacos stay inside the tacos while I am eating the first taco. Juices sink to the bottom where they can soften the fold so the taco shell doesn't break in half after the first bite rather than leaking out all over your plate. Seriously, I love my Triceratacos.

★★★★★ **Adorable! Smooth, high quality**

His feet sit level (unlike other items of this sort). Although perfect for tacos, keys, bill envelopes, and wraparound sunglasses have all been held by this fellow. I have mini dinos that I got from a vending machine that would work well as a display, but Tricerataco has been too busy to just hang out and look good. One hard worker!

I don't know what inside of me saw this and thought "I must buy this" but alas, I purchased it as a gift for my brother who is interested in triceratops and dinosaurs. I think it is really cute and I love that it can hold two tacos. It looks just like the product image. It feels slightly cheap for the price I paid, but it makes me smile, so I still like it overall.
