GREAT TREADMILL

We bought the T7.5S to replace our old Nordic Track (I think it was a 2200 model) that we had for several years. We love it! It's much quieter and has a lot more technology than the old one.

WELL WORTH YOUR BUCK!!

I Love my NordicTrack. The live one-one instructors are Great.I have traveled so many places in a month's time. There are so many features to chose from. It's well worth the money!!

GREAT MACHINE!!

Very solid and dependable machine. I got this after having heart surgery and it's been awesome for rebuilding my strength and stamina. Easy to run, walk or jog on. It has a nice large belt deck and the built in fan and audio speakers are adequate.
