EDUCATION

For a smart measure of protection, install the **Zep D-1000 dispenser** and ensure **Zep Instant Hand Sanitizer** refills are available.

1 Clean

**Identify frequently touched areas. Perform walk through & conduct dry pick-up. (remove gross objects)
Clean soiled surfaces prior to disinfecting.**

Apply **Assure Armor Clean** on surfaces to be cleaned. Scrub the surfaces as needed and rinse or wipe away the excess liquid with Zep Ultra Wipes, sponge, mop or cloth.

Assure Armor Clean

2 Disinfect

Disinfect pre-cleaned or lightly soiled surfaces with Zep Aviation disinfectant.

With sprayer apply surface with **Zep Aviation RTU** and allow to dry before starting the next step.

(EPA Reg. # 6836-152-1270) has demonstrated effectiveness against viruses like 2019 Novel Coronavirus (SARS-CoV-2) on hard non-porous surfaces.)

3 Protect

Protectant Application

With sprayer apply **Assure Armor Protectant** to surfaces and allow to dry. Sanitize hand after completing the process.

Cordless sprayer

Assure Armor Surface Protectant

Note: when applying product to electronics and instruments sensitive to water, care should be taken not to "over wet" these surfaces. Applying product by wiping with Zep Ultra Wipes or a microfiber cloth wetted with the product is one method to control wetting.
