Kenyatta T.

" Identity theft is out of control and I am so glad that I have IDShield and this handy app on my phone. All of my info is monitored and I get notifications if anything looks weird (which happens). I love the peace of mind that when something needs to be fixed, that IDShied will take care of it so I don't have to. I don't have the time or the capacity to monitor my entire digital identity, so it's great to have a service that has my back! I love IDShield and I would never cancel this service. In today's ultra digitized world, a service like this is a REQUIREMENT. IDShield for LIFE! "
