This app is not good at all! There are many advertisements which is so irritating and after

saving the picture in the gallery, it becomes so hazy that we cannot post it in the instagram or Facebook. Thank You.

Dear user, we understand how you think about the ads. Yet, we need to show you ads in exchange for make this app free for everyone. On the other hand, we do think about you all the time, and we will check if change of ad frequency is possible or not. Best regards.

I thought it will help me to add my pic which can be added to the CV later but sooner i cam to know that this app is just for kids to add their pics for insta and fb not for pro. And within 2 minutes i saw 4 adds... Really??? Just change the name of the app!! Like"Add Watchers" or something!!!

This is a horrible app. The amount of advert popping up is impossible for you to do your editing without the annoying advert pestering you every 10 seconds. DO NOT DOWNLOAD!
