 The Future of Fleets

Follow

**About us**

Revolv is simplifying electric vehicle adoption and redefining full-service transportation for commercial fleets with its innovative and next-generation turn-key fleet management services.

We are preparing commercial fleets to meet their electric future while building capabilities, lowering operating costs, and reducing emissions.

Through a complete EV solution, we reduce risk and complexity, allowing businesses to focus on their core business.

We are growing the team and hiring a Vice President of Customer Success to help accelerate and simplify EV adoption for fleets. Looking for a mission-driven driven, customer success-oriented fleet leader who is excited by the opportunity to build the future of fleets. The ideal candidate will be located close to initial customers in CA.  
 More detail here: <https://lnkd.in/eyIUy3>

**Responsibilities**

- Develop and execute customer success strategy in a competitive fleet, while maintaining high level of customer satisfaction and retention.
- Identify and address customer pain points and provide solutions to improve customer experience.
- Collaborate with sales, marketing and product teams to ensure customer needs are met.
