Limited Edition | Raise The Flag Hoodie

Patriotism is no longer limited to a select few.

We served too.

We love our country and the flag. Yet we will never forget our roots. This shirt was created to spark a conversation. Is the concept of Patriotism limited to a few? We believe that Patriotism is a mark of our service. Patriots are those who support and defend all aspects of the constitution. Not just the fun parts!

I love the texture of my new crop top and it is so cozy and soft inside! If you guys make more colors besides the camouflage one, I will be the first one to buy them all. Thank you for your service and will continue to support you. Wore it to school and everyone loved it! Thank you. Zoan C.
