In collaboration with Tyrant Bike Co., we would like to introduce the 2021 Kagero frameset!

The new Kagero features 6069-T6 triple-buttressed aluminum tubing (lighter and stiffer), a straight-blade carbon track fork, seat tube cutout for quicker handling, and redesigned chainstays to accommodate bigger chainrings.

We also reinforced the bottom bracket and seat stay bridge for even more stiffness. We selected a high-gloss black coat with a light-density metallic glitter and metallic gold logos to finish it off. You have to see it in the sun!

Altogether, this pursuit frameset is stiff, responsive, and super fast!

/// Since 2011 ///

#### Specs:

Tubing: 6069-T6 Triple-Buttressed Aluminum

Fork: Full-Carbon Track (1-1/8" – 1.5")

Headtube: Tapered 42/52mm ID – 46/56mm OD

Headset: FSA NO.42/ACB w/compression plug (Included)

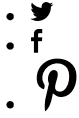

Seatpost Size: 31.6mm  
Seat Collar: 34.9mm (Included)  
Bottom Bracket: 68mm Threaded (English)
