What is Flexible Rent?

Flexible Rent helps you budget and pay your rent on time by breaking up your rent into smaller payments that line up with your paycheck. If you're behind, we help you get back to paying rent in full by the 1st.

Your credit and past payment history don't matter. We pass your full rent payments to your landlord as you pay them with no additional fees outside of the monthly program fee.

As long as you're enrolled and making your scheduled payments, we give you peace of mind:

- You don't pay late fees
- You won't face eviction

How much does Flexible Rent cost?

Fees range from \$3.99 - \$14.99 per month, and, depending on where you live, may be covered by your landlord.

How do I get started?

Tell us about where you live and how often you're paid. We'll make a custom schedule for you to review and adjust.

Once you apply, we will review your lease details and, in most cases, approve you for the program!

In some cases, you'll need to make an upfront payment that will apply directly to your rent when you enroll.
